Search and seizure powers of highway patrol--authority to serve warrants, participation of sheriff--instruction of officers.

43.200. 1. The members of the patrol shall have the right and power of search and seizure to take from any person under arrest or about to be arrested deadly or dangerous weapons in the possession of such person, and to search and seize on a public highway of this state, or off the public highways of this state as an incident to an arrest made following a hot pursuit from a public highway.

2. When ordered to any county or municipality in this state by the governor because of civil disorder, members of the patrol during that time may exercise all powers of search and seizure in the same manner and to the same extent as any sheriff in this state.

3. The members of the highway patrol may request that the prosecuting or circuit attorney apply for, and members of the highway patrol may serve, search warrants anywhere within the state of Missouri, provided the sheriff of the county in which the warrant is to be served, or his designee, shall be notified upon application by the applicant of the search warrant except for offenses pertaining to driving while intoxicated.
